

PBS Buffer

- **For 1 liter 1X PBS Buffer mix the following components:**
 - Start with 800 ml of distilled water
 - 8 g of NaCl
 - 0.2 g of KCl
 - 1.44 g of Na_2HPO_4
 - 0.24 g of KH_2PO_4
 - Adjust the pH to 7.4
 - Fill up with distilled water to 1 liter.

Autoclave accordingly and store in room temperature.
